## *SWIMMERS*

By  
James Walczy

### **A Comedy**

Friends for life, in more ways than one, Ed and Lance know that there will come a time when one of them will be asked to leave their post to never return while the other is left behind, alone to face the unknown. Ed is more than ready, willing, and able to depart and seek the adventure that awaits him. Lance, eh, not so much. But, to go or not to go is not theirs to decide, so when duty finally does call, both step up to perform albeit one more reluctant than the other. *Swimmers* is near living proof that friendships can blossom in some of the most unusual places.
